

HEADING THIS WAY

Look here, kiddies! Here's a picture of Old Santa Claus in his airship, getting ready to head this way, just as The News told you he would come this year.

He's a real down-to-the-minute Santa, and proposes to ride in style, even if he has to hitch the aeroplane to the roof-top while he takes a sneak down the chimney.

Dear Santa Claus:
Lucile Twyman is my name.
America is my nation.
Amarillo is my dwelling place.
In pleasant habitation.

On Xmas Eve you me will find
At sixteen hundred five Munro.
In calm expectant state of mind.
Amid Yuletide's genial glow.

As down the flue you smiling slide,
And stand before the glowing fire,
My little stocking there I'll hide,
And name the things I most desire.

Some furs, a doll and doll-bed too,
A doll buggy and ribbon blue,
A kitty, dog, some candy, nuts,
And thank you very, very much.

LUCILE TWYMAN,
Age 5 years and 9 months.

Amarillo, Tex., Dec. 4, 1911.
Dear Santa: I want a great big
dolly and a set of furs and a set of
dishes.
VERA NAY.

Dear Santa Claus: I am seven
years old. I want a dress for my lit-
tle doll, and one for my big doll.
I want a story book, one I can read
Oh, Santa Claus, I want some can-
dy and some nuts, and I want one
apple and one orange.

From your girl,
BETTIE ROSE KERR,
Dimmitt, Texas, Dec. 4, 1911.

P. S.—If you have anything left
over you can leave it for me.

But he's an old-fashioned Santa
in one respect. He's going to ask
that you be very, very good from now
until Christmas, if you expect to be
remembered by him. Don't forget
that. And don't forget that he's
waiting impatiently to hear from you,
to learn just what you DO want in
your stockings this Christmas.

So rush in your letters at the first
minute possible, for when Old Santa
starts this way he's coming in a
hurry.

Send in your letters to The Daily
News, the friend of all good young-
sters, and the special messenger to
Santa Claus. Lots of the Amarillo
kiddies have already written. Just
read what they're asking for this
year.

TULSA COW MOTHER
OF FINE TRIPLETS

Special to Daily News.
Tulsa, Okla., Dec. 8.—Imagine the
sensations experienced this morning
by West McCullough, a Frye farmer
and brother of Sheriff Wm. McCul-
lough of Tulsa, when he went to feed
his stock and discovered that a Jer-
sey cow had given birth to triplets.
This is one of the few cases on re-
cord, and is declared by veterinarians
to be a most unusual freak of nature.
While small, the three calves are
perfectly formed and fully matured,
and it is believed they will live.

Heavy Oil Shipments.
Special to Daily News.
Tulsa, Okla., Dec. 8.—Although
the Prairie Oil and Gas company
collected during the month of No-
vember 2,671,819.66 barrels of oil,
it was compelled to draw from its
reserve stock 105,762.74 barrels to
supply the market demand. The
company delivered to the market dur-
ing that period 2,777,582.40 barrels
of oil, a daily average of 92,586.08
barrels. The Prairie is one of the
four large pipe line companies op-
erating in the Oklahoma oil fields.

Lightning Kills Few.
In 1906 lightning killed only 169
people in this whole country. One's
chances of death by lightning are less
than two in a million. The chance
of death from liver, kidney or stom-
ach trouble is vastly greater, but not
if Electric Bitters be used, as Robert
Madison of West Burlington, Ia.,
proved. Four doctors gave him up
after eight months of suffering from
viralent liver trouble and yellow
jaundice. He was then completely
cured by Electric Bitters. They're
the best stomach, liver, nerve and
kidney remedy and blood purifier on
earth. Only 50c at Amarillo Drug
Store.

Before commencing to a surgical op-
eration let Drs. Clements, the oste-
opaths, examine you. Osteopathy
prevents many needless operations.

ARIZONA WILL HOLD ELECTION

To Vote on Elimination of
Judicial Recall Fea-
ture Tuesday

Phoenix, Ariz., Dec. 8.—ARIZONA
will vote for the first time next Tues-
day for a slate of state officials, two
United States senators (subject to
formal ratification by the legisla-
ture), representatives in Congress,
members of the supreme court, dis-
trict judges, state senators and rep-
resentatives, county and precinct of-
ficers.

In addition Arizona will vote on
the proposal to eliminate the judi-
cial recall from the State consti-
tution. Unless the verdict on the lat-
ter issue is in the affirmative, all the
other labor of the day will have been
in vain, for Congress has declared
that Arizona shall remain outside
the Union until this device is re-
moved from the fundamental law.

There are three complete State
tickets in the field, Democratic, Re-
publican and Socialist. The candi-
dates for governor are: Democratic,
George W. P. Hunt of Globe; Repub-
lican, Edward W. Wells, of Pres-
cott; Socialist, P. W. Galentine, of
Globe.

The Republicans are bending their
energies to capture control of the leg-
islature and thus insure the election
of two Republicans as United States
Senators. Their candidates for sen-
ators are Ralph Cameron, who has
been the territorial delegate, and
Hoyal A. Smith, late Republican ter-
ritorial chairman and a young min-
ing man of Bisbee. The choice of
the Democrats for the senatorships
are Henry F. Ashurst of Prescott and
Marcus Smith of Tucson. The So-
cialists have endorsed E. Johnson
and E. H. Simonson, both residents
of Globe.

For representative in Congress the
candidate are: Democratic, Melford
Winsor, of Yuma; Republican, John
S. Williams, of Bisbee, and Socialist,
John Halberg, of Jerome.

Because of the multiplicity of can-
didates, it will probably be several
days after the election before the
results are known definitely.

Ends Winter's Troubles.
To many, winter is a season of
trouble. The frost-bitten toes and
fingers, chapped hands and lips,
chillblains, cold-sores, red and rough
skins, prove this. Put such troubles

EVERY TURNER IS LAND SHOW VISITOR

Special to Daily News.
Chicago, Ill., Dec. 8.—Every Turn-
er of the Santa Fe arrived in the
city yesterday and is a delegate to
the National Irrigation Congress. In
the morning he visited the Coliseum
and made a careful inspection of the
Land Show booth being conducted
under the auspices of the Texas Pan-
handle Publicity Association. His
comments were favorable and his
pride in the Panhandle increased be-
cause of the representative showing
of crop samples. Mr. E. L. Woodley
of Shamrock leaves tomorrow for St.
Louis, returning to Shamrock via
Oklahoma City. He carries away
with him a new impetus and will be
found giving added strength to boost-
ing the Panhandle country. "The
Land Show," he said, "is a powerful
educational medium. Failure is out
of the question. It is sure to re-
spond to the benefit of the 'back to
the farm' movement. Of course it is
only an auxiliary to a general cam-
paign. Our own magazine must be
pushed as hard as ever, our syndicate
service maintained and our special
magazine articles carried along with
customary enthusiasm. The east is
a great field and the value of reach-
ing it should not be minimized by
anyone who has the agricultural, in-
dustrial and commercial progress of
the Panhandle at heart. I trust that
next year I shall be in a position to
attend the Land Show every day. I
like to feel that my interests have
been thrown in with the movements
that sooner or later will make his-
tory and our country a new magni-
tude. We must heighten the spirit of
paternalism, getting into our
minds the lofty thought that home-
seekers must be looked after from
the day of their arrival until they
reach the pinnacle of success."

Notices have been sent out an-
nouncing the annual meeting of the
Texas Panhandle Publicity Associa-
tion to be held in Amarillo, Thurs-
day, the 14th inst. Every member
is requested to attend.

To Our Friends and Customers:

WE TAKE this method of advising you that on Dec.
11 we will inaugurate a cash system. Any business
carried on under the "charge system" necessarily carries
a certain number of losses and while this statement is
not a reflection made on anyone's integrity, yet it is true
in every sense of the word. By doing away with the
"charge system" we will be able to save every person
that trades with us money and still make the aggregate
profit at end of the year. And we are going to
save you money. To show you that right from the
"jump" we mean business, every thing in the house will
be sold from two to ten per cent less than formerly
Yours for a larger and more satisfactory business.
